**Mac System Preferences**

If image isn’t displaying properly launch System Preferences either from the dock or Apple Menu. Click the “Displays” icon under Hardware.

To clone your desktop image to the projector check “Mirror Displays” under the arrangement tab. If you do not have an arrangement tab click hold down the ` option key while you are in the display pane.

**Input Switcher**

On the wall next to the AV cart select the correct input:
1 = Notebook
2 = Teacher’s station Mac
3 = Airplay Apple TV

**AV Help**

941-359-7633 | avservices@ringling.edu

---

**AirPlay**

Press the select button on the input switcher to choose Input 3.

Bring up the control center on your device by swiping up from the bottom area just below the dock.

Tap the AirPlay button and select CJ 105. Slide Mirroring to "ON".

If this is your first time using the Apple TV you will be prompted to enter a password. Contact avservices@ringling.edu if you need the password.

When finished turn off AirPlay Mirroring. From the AirPlay menu and select iPhone or iPad to Turn Off AirPlay Mirroring.

---

**Quickstart Guide**

**Turn on the Projector**

Aim remote at the front or back of the projectors and press the Power button.

*Projector will take a few minutes to warm up.

**Select Source**

HDMI = AV switcher
PC = VGA connection

---

**Sound**

If sound is needed, Aim Bose remote at the Bose interface module.

Press the On/Off button.

Use the Volume + - button to control volume.

*The applications volume needs to be turned up as well. Try not to go above 98% or it may sound distorted.

Green = ON
Red = OFF
