

turn on the projector

Aim remote at the front or back of the projectors and Press the Power button

* Projector will take a few minutes to warm up

select source

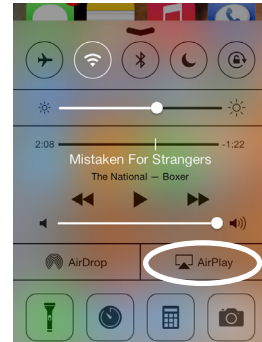

HDMI=Apple TV Airplay
PC=VGA Connection

TURN OFF THE PROJECTOR WHEN YOU ARE FINISHED

airPlay

Bring up the control center by swiping up from the bottom area just below the dock

Tap the  AirPlay button and select Bayou 110. Slide Mirroring to "ON"

If this is your first time using the apple tv you will be prompted to enter a password. Contact avservices@ringling.edu if you need the password.

When finished turn off AirPlay mirroring. From the AirPlay menu and select iPhone or iPad to Turn Off AirPlay Mirroring.

QUICKSTART GUIDE

mac system preferences

If image isn't displaying properly launch System Preferences either from the dock or Apple Menu. Click the "Displays" icon under Hardware

To clone your desktop image to the projector check "Mirror Displays" under the arrangement tab. If you do not have an arrangement tab click hold down the  option key while you are in the display pane.

Adjust Resolution

If necessary, select the Display tab & choose 1280x720 or 1280x768.
